

# Taster Course in Nephrology

28<sup>th</sup> - 29<sup>th</sup> September 2019

Southmead Hospital, Bristol

*For Junior Doctors interested in a career in Renal Medicine, the course aims to inspire the next generation of Nephrologists*

## The course will offer:

- Interactive lectures on key topics in Nephrology
- Hands-on practical experience (renal biopsy, dialysis, line insertion)
- A “day in the life of” a Renal Doctor
- Practical tips for the ST3 application process
- Meet trainees in ITU-Renal dual accreditation, academic medicine and global health.
- A drinks reception with a chance to meet current trainees & consultants

See [www.renal.org/renal-tastercourse](http://www.renal.org/renal-tastercourse) for further information and online booking
