

“Becoming a Radiology Consultant”

Thursday 24th June 2021 via zoom

A day of workshops designed for senior radiology trainees to gain an insight into issues faced when transitioning into a Radiology Consultant.

The day will be largely workshop based with a maximum of 14 delegates and is aimed at trainees within 18 months of CCT. The course was previously run in person and was rated highly by previous trainees. This year the course will be in virtual format on Zoom. We are hoping to retain the “small group” feeling of the meeting with as much opportunity for interaction and questions as possible. This is a great opportunity for you to be able to ask the questions you’ve not yet dared to ask about consultant jobs, or to explore the many considerations that arise when taking this big step.

Cost:

The course will be **free** to attend for all delegates.

Provisional Programme

MORNING SESSION:

How to find the right consultant job

Panel Discussion followed by workshop carousel in breakout rooms

Opportunities to discuss with existing consultants with an interest in research, private practice, working for a private provider (outsourcing), education, part time work and management

To register please email : anna.zoltowski@anhst.nhs.uk providing the following details:

Name:

ST:

Approx CCT date:

Contact email:

Please note: this course is likely to be very popular and early application is advised to avoid disappointment. Priority will be given to applicants within 18 months of CCT from within the Yorkshire and Humber Deanery. The course is planned to run annually and if your CCT is outside of this time frame, please consider applying next year! Thank you.
