

# Train the Trainer

T010w

**6** external CPD points

## Introduction

Using case studies and role play this interactive workshop aims to provide you with the skills, competencies and techniques to enable you to teach and facilitate training to help medical professionals achieve their potential. The programme refers to the AoME framework for trainers, and reflection can be used as supporting information for your revalidation portfolio.

## Course structure

- **1 day workshop - Timings: 9:30am – 16:30**
- **Date: 22 April 2020**
- **Venue: Education and Clinical Skills Centre, 3RD Floor Strayside, Harrogate District Hospital, Lancaster Park Road, Harrogate, HG2 7SX.**
- 

## Workshop objectives

- To establish a positive learning environment
- To provide challenge, interest, engagement and stimulation in their own training
- To understand the necessary skills and techniques to improve learning – presentations, case studies, role plays
- To explain different learning styles
