

SuppoRTT Champion

Doncaster & Bassetlaw Teaching Hospitals NHS Foundation Trust

Ann Harris

ann.harris6@nhs.net

I have been a consultant at Doncaster and Bassetlaw trust since 2012. My specialities are Respiratory and Acute Medicine and i work across both sites. I now have the satisfying role of supporting LTFT trainees at this Trust. I also support my colleague and friend Lucy Peart in her role as SuppoRTT champion. I have been a LTFT trainee myself since being a registrar in Manchester from 2007 so I have plenty of personal experience, good and bad! I wanted to help trainees have a real life yet achieve their goals at work without prejudice and difficulties that I might have experienced in my training. Having had maternity leave 3 times I can fully recognise the challenges of returning to work after time off. Thankfully things aren't like they used to be but it now becomes our role to ensure trainees optimise the opportunities HEE provide to make return to work less daunting and hopefully I will be able to assist Lucy in guiding them through this process. I'm hoping that trainees feel comfortable to contact us for any reason. I can be contacted via email or through the medical education centre, meet up or phone call to have a chat or help with any problems.
