

**Name:**  
**Charlotte Blewett**

**Job Title:**  
**Foundation School Leadership Fellow**

**Supervisor:**  
**Mr Craig Irvine ( Yorkshire and Humber  
Foundation School Director –  
head of West Foundation School)**

**Aims of Post:**  
To re-develop Human factors PDP training for foundation trainees including establishing faculty to allow internal delivery (course was previously delivered by external faculty)  
To develop app for use by foundation psychiatry trainees to provide “in action” feedback during their post  
To organise and run national conference for higher psychiatry trainees (chair of organising committee)

**Summary of Post:**  
This post allows a trainee to work on a variety of projects that can be tailored to your interests with supportive supervisors. I have been able to establish projects in real time and develop new projects as the year progressed. I have been able to work across the deanery which has been a valuable learning curve in seeing how different trusts work through different processes and sharing good practice. Foundation trainees are engaging to work with and enthusiastic for change and development. I would definitely recommend it!

**Achievements:**  
Completion of NHS leadership academy Mary Seacole Programme  
Completion of Kings Fund Emerging Clinical Leaders course  
Poster abstract: “A new age for old age trainees’ conference” accepted for DEMEC (developing excellence in medical education) conference in November 2017  
Presentation Leadership for final year medical students University of Leeds September 2016  
Human Factors PDP programme re-developed to ensure relevance to foundation curriculum for 2017. This has been evidenced by evaluation data received following 2017 workshops.  
Successful establishment of internal faculty to deliver Human Factors training for 2018 allowing termination of previous external contractor.
