

Critical Care Transfer Course

Critical Care Transfer simulation training covering intra- and inter-hospital transfers with full use of paramedic ambulance.

Suitable for ACCS and Core Anaesthesia Trainees who have completed IAC and have some experience on ICU.

Monday 16th November 2020
Simulation Centre, Field House, Bradford Royal Infirmary

This is a hands-on course suitable for ACCS and Core Anaesthesia trainees. It is led by Consultants in Anaesthesia and Intensive care who have considerable experience in the transfer of critically ill patients. The course will introduce a simple and effective system to facilitate safe transfer and give attendees practical experience via simulation.

Course costs: £150 (Refreshments included)

HEE-YH ACCS and Core Anaesthetic Trainees fully funded
