Course Title

Awarded by: *RJ Spencer*

Dr J Spencer, Postgraduate Dental Dean

Date

Course Name: DCT2 An Introduction to Special Care Dentistry 27FEB25

Course Aims and Objectives

Development Outcomes: This CPD course meets the criteria for the GDC's development outcome(s): A, B, C.

Aims:

Attendees should gain an understanding of Special Care Dentistry and how the specialty is provided

Objectives:

- To understand the scope of Special Care Dentistry as provided within the UK
- To appreciate the breadth of the specialty in relation to service user groups and modes of service delivery
- To understand the common barriers in receiving the necessary care for people using the services
- To understand some of the challenges in the provision of care

Learning Outcomes:

- To be able to explain what Special Care Dentistry is
- To appreciate the scope of Special Care Dentistry in terms of user groups and its delivery
- To be able to apply the current understanding of oral health care within the context of Special Care Dentistry

Reflection

Reflection is an important part of CPD. Reflection involves thoughtfully considering experiences, practices, and outcomes to identify areas for improvement and enhance the quality of patient care. More information on reflection can be found on our website.

- What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
- Did you identify any changes/updates needed in your daily work, and if so, what? How did you make these changes?
- If you didn't identify changes needed, what did the activity confirm for you, that you may already know or be doing?
- What was the benefit to your work and/or your patients in carrying out this activity?
