Course Name: DCT2 Better Posters, Better Presentations 15JAN25

# Course Aims and Objectives

**Development Outcomes:** This CPD course meets the criteria for the GDC's development outcome(s) A, B, D.

**Aims:**

To provide an insight into effective poster design and oral presentation delivery to create impact at scientific and clinical meetings.

**Objectives:**

- Gain an understanding of the elements of good poster design through learning and critique of real posters.
- Gain experience in delivery of a one-minute presentation.
- Acquire skills in providing feedback to others following presentations.
- Develop an understanding of how to tailor presentation style and delivery for your target audience.

**Learning Outcomes:**

- Understand how to design an effective poster to create impact at an academic meeting.
- Recognise the importance of good poster design.
- Appreciate the skills required to deliver an effective oral presentation, both face to face and virtually.
- Have an understanding of how to prepare for question and answer sessions after delivery of a presentation.

# Reflection

Reflection is an important part of CPD. Reflection involves thoughtfully considering experiences, practices, and outcomes to identify areas for improvement and enhance the quality of patient care. More information on reflection can be found on our website.

- What did you learn (or confirm) from the activity that was helpful or relevant to your daily work and patients?
- Did you identify any changes/updates needed in your daily work, and if so, what? How did you make these changes?
- If you didn't identify changes needed, what did the activity confirm for you, that you may already know or be doing?
- What was the benefit to your work and/or your patients in carrying out this activity?
