

# Course Aims and Objectives

**DFT Conference 2025 04JUL25**

**6 CPD Hours**

**Development Outcomes: B, C & D.**

**Aims:**

- Provide an opportunity for trainees in Yorkshire and Humber to update colleagues on research and experience achieved during their training programs.

**Objectives:**

- Raise awareness of the role dental health care professionals have in their local communities, providing support for marginalised and vulnerable patient groups and wider integration into local health care needs.

**Learning Outcomes:**

- Recognise the role a GDP/Therapist has in providing support for local communities, working in different ways to support inequalities.
- Recognise the leadership role in providing support for patient care, especially in relation to marginalised/vulnerable patient groups.
