

Will deliver the following course as detailed below:

Leadership and Management for Senior Doctors

Date: 17th June 2024
Location: Virtual Delivery Via Zoom
CPD Points: 6
Times: 9:00am-4:00pm
Facilitator: Veronica Baldwin

The NHS is changing and expects its' senior doctors to take active, professional participation in their leadership role. As clinicians, this role is not always one which is easily undertaken without help and support. That is why it is essential to have a grasp of the theories behind successful leadership and management. This programme is designed to enable those doctors who want to ensure they have a practical, working knowledge of leadership theories take tips and techniques back into the work-place for immediate implementation

Measurable Aims: At the end of this programme, the delegate can:

- Define what Leadership is in a healthcare context and name 5 qualities
- Develop an understanding of Situational Leadership; how to adapt your style appropriately when needed in 4 situations
- Explore and develop self-awareness of your own natural leadership style and develop it further
- Identify and develop the strengths of their team, and identify 5 ways of how to motivate their team

The Programme Includes:

Module 1: Developing your Leadership Style(s)

Module 2: Flexible leadership (also called situational leadership)

Module 3: Working with Others
