

**Name:**  
**Louise Hodgson**

**Job Title:**  
**Integration and Transformation  
Lead Nurse**

**Supervisor:**  
**Kerry Munday**

**Aims of Post:**

- Develop a Wakefield General Practice Workforce Development Academy (WGPWDA)
- Raise the Profile of Nursing in Wakefield (Primary and Community)
- Development of an Education and Training programme for Nurses Primary Care

**Summary of Post:**

My fellowship role commenced with the development of the Wakefield General Practice Workforce Development Academy (WGPWDA). I was integral to the development of the Academy which was launched in April 2017. I have undertaken a variety of nursing leadership activities, including the development of an educational programme for the general practice nursing and practice management workforce. The aim of the WGPWDA is to commission, provide, facilitate and support education, training, research and workforce development across the General Practice workforce in Wakefield.

**Achievements:**

- Successful development of the Wakefield General Practice Workforce Development Academy (WGPWDA)
- Developing and leading on the Academy Workforce Development Group
- Undertaking a Workforce Intelligence Project: which consisted of undertaking an Education and Training Mapping Exercise, Workforce Culture Survey and Engagement Events
- Development of a Mandatory and Essential Training Matrix
- Development of a Training and Education Development Plan for clinical and non-clinical roles, which includes clinical and professional development programmes
- Developing Clinical Supervision and Preceptorship programmes
- Active in Future Leaders Programme acting as a representative for the Multi-Disciplinary Fellows and leading on the development of a FLP Portfolio Toolkit
- Successful in securing future employment as the Head of Workforce Development, Education and Training for the Academy
