

# Foundation Training Job Description

Grade	F2
Placement	Oncology/Haematology
Department	<p>Queen's Centre of Oncology &amp; Haematology has four wards: 30, 31, and 32 33. Ward 33 has predominantly Haematology patients and remaining wards have predominantly oncology patients. Your posting will involve working for four months in the Queen's Centre with on-call cover across both Oncology and Haematology.</p> <p>The department has an academic unit with Professor Lind and Professor Anthony Maraveyas with Hull University alongside 6 consultant Medical Oncologists. There are 10 Clinical Oncology consultants, 4 palliative care, and 11 mid grades including StR's and specialty doctors who share 2<sup>nd</sup> on call Rota for oncology. Haematology has a separate team.</p> <p>Dr. M. Butt is the Lead for Oncology responsible for all Junior doctors training, Rota, leaves and placements etc. during their attachment while Dr. O'Neill and Dr. L. O'Toole are educational supervisors for StR's.</p> <p>We have 1 CT2, 1 CT1, 4 GP VTS, 1 FY2, 4 trust grades, 4 FY1 and 2 CMT Haematology doctor.</p> <p>The Haematology department offers the full range of non-malignant and malignant haematology services including autologous stem cell transplantation. Based at The Queen's Centre currently has 6 substantive consultants and 2 Locum consultants .Over the next months and years it is expected that the service will grow substantially as the Humber Acute Service Review formally brings the HUTH and NLAG services together as a single pan-Humber service. This will see a service that is led and delivered from the Queen's Centre in Hull.</p>
