

**2018 Oral Surgery Recruitment**  
**Post Description – Yorkshire and the Humber**

<b>1</b>	<b>HEE team / Deanery</b>	<b>HEE Yorkshire and the Humber</b>
<b>2</b>	<b>Oriel offer code</b>	Yorkshire and the Humber
<b>3</b>	<b>Duration of Post</b>	3 years with rotations through various Training establishments within Yorkshire and Humber to accommodate training needs with attachments in Bradford Teaching Hospitals, Hull Royal Infirmary, Mid Yorks Hospitals Sheffield Dental Hospitals and York General Hospital.
<b>4</b>	<b>Rotational Arrangements</b>	Rotations as above There is an optional on call commitment within this post. The posts in Bradford Teaching Hospitals NHS Foundation Trust and Hull Royal Infirmary provide an opportunity for second on-call commitment to develop trauma management skills.
<b>5</b>	<b>Full addresses of all sites where training will take place</b>	Bradford: <b><u>Bradford Royal Infirmary</u></b> Duckworth Lane Bradford BD9 6RN <b><u>St Lukes Hospital</u></b> Little Horton Lane Bradford BD5 0NA <b><u>Airdale General Hospital</u></b> Skipton Rd Steeton BD20 6TD <b><u>Huddersfield Royal Infirmary</u></b> Acre Street Lindley Huddersfield HD3 3EA  Hull: <b><u>Hull Royal Infirmary</u></b> Hull and East Yorkshire Hospitals NHS Trust Anlaby Rd Hull HU3 2JZ <b><u>Diana, Princess of Wales Hospital</u></b> Scartho Rd Grimsby DN33 2BA <b><u>Goole and District Hospital</u></b> Woodland Avenue Goole East Riding of Yorkshire DN14 6RX

		<p>Sheffield:</p> <p><b><u>Charles Clifford Dental Hospital</u></b> 76 Wellesley Rd Sheffield S10 2SZ</p> <p><b><u>Sheffield Teaching Hospitals</u></b> Royal Hallamshire Hospital Glossop Rd Sheffield S10 2JF</p> <p><b><u>Sheffield Children's Hospital</u></b> Western Bank, Sheffield S10 2TH</p> <p><b><u>Jessops Wing</u></b> Tree Root Walk, Sheffield S10 2SF</p> <p><b><u>Weston Park Hospital</u></b> Whitham Rd, Sheffield S10 2SJ</p> <p><b><u>Northern General Hospital</u></b> Herries Rd, Sheffield S5 7AU</p> <p><b><u>Dental Practice Unit</u></b> Dental Practice Unit, Sheffield S10 2TX</p>
6	<b>Travel Commitment</b>	During the time spent in each Trust the trainee will be expected to travel to any/all of the establishments outlined above.
7	<b>Primary Care Element</b>	<p>There is no primary care commitment in this post in Bradford, Hull, Wakefield or York at this stage but in future this may be developed and a performer number would then be required for this element of training.</p> <p>In Sheffield the primary care element associated with this post is subject to acquiring a performer number, it is therefore desirable that the trainee will have an active performer number prior to start of this rotation.</p>
8	<b>Description of the training post</b>	<p><b>Summary of the experience and training provided in this post.</b></p> <p>Oral Surgery training will be delivered over the equivalent of a three-year full time programme. This should lead to;</p> <p>Membership of a Royal College (e.g. M Oral Surgery) and a CCST.</p> <p>Entry onto the specialist list in Oral Surgery.</p> <p>Eligibility to practice as a specialist.</p> <p>This post is suitable for those keen to develop experience pertinent to Oral Surgery training whilst working in an Oral and Maxillofacial Surgery unit as well as an academic Dental school environment thereby increasing their clinical acumen and academic abilities, patient management and surgical skills. It would be a suitable post for anyone wishing to pursue a career in Oral Surgery.</p> <p><b>Bradford</b> <a href="http://www.bradfordhospitals.nhs.uk/">http://www.bradfordhospitals.nhs.uk/</a> <a href="http://www.bradfordhospitals.nhs.uk/oral-and-maxillofacial-surgery">http://www.bradfordhospitals.nhs.uk/oral-and-maxillofacial-surgery</a></p> <p><b>Hull</b> <a href="https://www.hey.nhs.uk/">https://www.hey.nhs.uk/</a></p> <p>Both Bradford Royal Infirmary and Hull Royal Infirmary are designated Head and Neck Cancer Units so there is a considerable amount of Head and Neck Oncology carried out within the Specialty. Trainees will be exposed to advanced head and neck reconstruction and understand the patient pathway for managing oral cancer.</p> <p>A wide range of orthognathic surgery is also carried out and again the trainee will be exposed to the planning and joint management of these patients with orthodontics as well as understand the principles of the surgical techniques.</p> <p>The restorative consultant runs the implantology programme for the rehabilitation of cancer patients and trainees will be able to observe their practice and attend clinics where appropriate in their training. Formal implant training will be provided at Sheffield University.</p> <p>There is a substantial workload of dento-alveolar surgery and OS StRs will gain hands on experience in this commensurate with their</p>

		<p>experience and ability. The Units also manages all acute maxillofacial trauma including soft tissue injury and other orofacial emergencies. This post provides an opportunity for 1 in 5 (Bradford) or 1 in 7 (Hull) second on-call commitment to develop trauma management skills.</p> <p><b>Sheffield</b> The training is based primarily at The Charles Clifford Dental Hospital. Out patients work is undertaken at the Charles Clifford Hospital, Royal Hallamshire Hospital, University of Sheffield Dental Practice Unit and Sheffield Children’s Hospital. Special interests for trainees will include nerve repair and implant surgery training as well as exposure to management of complex pain symptoms such as trigeminal neuralgia. There will be the opportunity to engage in research projects and develop academic skills. Additional work duties may be required at additional trust sites as parts of Sheffield Teaching Hospitals such as Jessops, Weston Park, and Northern General Hospitals. Occasional work placement may be required at satellite community sites.</p>
10	<p><b>Educational programme and library facilities.</b></p>	<p><u>Bradford</u> <b>Educational facilities</b> The postgraduate Centre is located in Field House along with the Medical Library. There is also a clinical skills lab and simulation suite to which the successful candidate will have access. There is a designated trainee common room and a well-stocked library in the maxillofacial unit at St Luke’s Hospital. Trainees will have access to a computer as well as administrative support for their work.</p> <p><u>Hull Royal Infirmary</u> <b>Educational facilities</b> The medical education centre and library (linked with Hull York Medical School) are located on the Hull Royal Infirmary site. There is also a clinical skills lab and simulation suite to which the successful candidate will have access. There is a shared trainees office within the department for use by the successful candidate on a “hot desk” basis. They will have access to a telephone and PC. There will be administrative support available for their work.</p> <p><u>Sheffield Hospitals</u> <b>Educational facilities</b> The trainee will benefit from excellent academic facilities and access to the health and science library located at the Medical School of Sheffield University. Trainees have a shared space that is located on the first floor of the dental school side.</p> <p><b>Educational supervision</b> The Training Programme Director (TPD) for Oral Surgery is Miss Divya Keshani who will manage the overall training. Additionally, each StR is assigned to an Educational Supervisor who will provide guidance in his/her training and career and carry out regular appraisals. Each trainee will also have clinical supervisors dependant on the training they are undertaking at a particular time. The full list of Supervisors is listed below.</p> <p><b>Training (please see HEE YH website)</b> <a href="http://www.yorksandhumberdeanery.nhs.uk/dentistry/dental_specialty_training/training_programmes/oral_surgery/">http://www.yorksandhumberdeanery.nhs.uk/dentistry/dental_specialty_training/training_programmes/oral_surgery/</a> The post is recognised for Membership in Oral Surgery Examination (MOS) training</p>

		<p><b>Regional study days</b> are mandatory and arranged for trainees on a monthly basis. Trainees will be expected to input into these with presentations on selected topics. Thus developing their teaching and presentation skills as well as aiding with examination preparation.</p> <p><b>Study leave</b> The Postgraduate Dental Dean holds the Study Leave budget and has to account for all study leave expense payments. All study leave has to be in line with the Curriculum Delivery Matrix (CDM) and trainees will be expected to follow the guidelines on this.</p>
11	<b>Employing Organisation</b>	Trainees will be employed by the trust in which they are placed.
12	<b>Will the employing organisation change during the training period? E.g. at rotation</b>	Yes, employing organisation will change at rotation.
