

RETURN TO ACUTE CARE TRAINING (ReACT) COURSE

Wednesday, 18 November 2020

Wednesday, 3 March 2021

Simulation Centre, Field House, Bradford Royal Infirmary

Course features:

- High fidelity emergency scenarios
- Clinical skills practice
- Communication workshop
- Multi-disciplinary team training

This course is for Trainees at any grade of training who work in acute hospital specialities.

- ◆ This course is aimed all trainees that are returning to work after a period of absence.
- ◆ The course offers flexibility so that trainees can refresh the procedural and clinical skills most relevant to their practice.
- ◆ The interactive nature of the course will focus on building trainees' confidence .
- ◆ A high faculty to delegate ratio will provide a bespoke and nurturing environment throughout the day.
