

# SAS INDUCTION DAY

17 Nov 2023

9AM - 4.30PM

Age UK Leeds  
Bradbury Building  
Mark Lane  
LS2 8JA

[izzy.bradshaw@nhs.net](mailto:izzy.bradshaw@nhs.net)

This will equate to 6  
CPD points

SAS doctors and dentists are a large proportion of the NHS workforce yet aren't always offered the same opportunities with regards to professional and personal development.

This one day induction was developed with that in mind, offering dedicated time for essentials such as Appraisal and ReValidation and Job Planning.

In addition to this you hear from a panel of SAS colleagues who have expanded their interests outside of their clinical fields into teaching, tutoring and leadership opportunities.

We are also acutely aware of the pressures in recent years for our workforce. The afternoon sessions are dedicated to looking at the challenges around managing our well-being and how we may

combat this with the tools in our tool-kit.

The day is open to all new SAS colleagues in the Yorkshire region and is a chance to learn and network. It is in short a day of clarification and opportunity.

Please be mindful that this induction day is **in addition** to local and trust induction.

Food will be provided on the day and there are plenty of parking options nearby. An agenda will be sent closer to the time.

If you would like to attend this course please email the address provided and apply for study leave through your usual channels. Places will be provided on a first come first served basis and a waiting list be compiled.
